GIVE BRIEF DESCRIPTION OF WHAT HAPPENED:

On Saturday, August 4, 2012, members of the Metropolitan Police Department's Seventh District received a radio assignment for the report of a shooting at 2681 Douglas Road, Southeast. When officers arrived on scene they discovered the decedent, later identified as Terrence Robinson, lying on the walkway in front of 2681 Douglas Road, Southeast, unconscious and not breathing, suffering from multiple gunshot wounds to his body.

Members of the District of Columbia Fire Department (DCFD) Ambulance 15 responded to the scene and determined that death was apparent and the decedent was left on the scene. Members of The Office of the Chief Medical Examiner (OCME) for the District of Columbia responded to the scene and transported the decedent's remains to the OCME pending an autopsy. The decedent was subsequently pronounced dead at 0924 by Medicolegal Investigator (MLI) Mary Beth Petrask.

On Saturday, August 4, 2012, Dr. Prashar of the OCME for the District of Columbia performed an autopsy on the remains of the decedent. During the autopsy, Dr. Prashar noted that the decedent sustained gunshot wounds to his body and one to his head. All of the gunshot wounds were through and through and no projectiles were found in the decedent's body. Dr. Prashar also advised that the gunshot wound to the decedent's head was relatively minor and therefore would not have caused his death. At the conclusion of the autopsy, Dr. Prashar ruled the cause of death to be two gunshot wounds to the decedent's body and the manner of death was ruled a homicide.

During the on scene investigation, investigators noted that there was a trail of blood that led from the street of the 2600 block of Douglas Road, up a flight of stairs, through a parking lot, and to the landing on which the decedent was found lying. Based on the blood trail, investigators concluded that the decedent was shot while on the street and ran up the stair case, through the parking lot, and collapsed on the landing in front of 2681 Douglas Road, Southeast. Also, there were no shell casings on the scene which would suggest that a revolver was used.

While investigating the murder of the decedent, investigators learned that at nearly the same time the call for the shooting of the decedent was dispatched, there was another 911 call for an armed robbery which occurred in the 2600 block of Douglas Road, Southeast. While looking into that robbery investigators interviewed a witness (W1).

W1 reported that IT was walking through a parking lot in the 2600 block of Douglas Road, Southeast, when IT observed five subjects. One subject, who was described as a light skinned black male, branched off from the others, pulled a mask over his head, approached W1, put a gun to IT's head, and told IT to get on the ground. W1 reported that the gun that the light skinned suspect was armed with what he believed to be a revolver. W1 reported that after IT was forced to the ground, the other four came over and one of them was armed with a gun as well. During the robbery they took W1's backpack, debit card, keys, and wallet. Inside W1's wallet were several items to include IT's identification and Metro Smartrip card. W1 described the light skinned gunman as a 5'7 or 5'8 black male in his early 20's. W1 reported that during the robbery the suspects became angry because W1 did not have a lot of money. W1 said that the light skinned suspect with the gun stated, "Do you want your brains?" W1 said that the suspects continued asking, "Where's the money?" The suspects then took W1's debit card and asked W1 for the PIN number. W1 provided the suspects with a false PIN number.

While the suspects were robbing W1, the light skinned suspect walked away towards another subject (the decedent) who was walking down Douglas Road. W1 said that IT heard the other subject say, "I'm going to the subway." W1 said that IT then saw the other victim try to run away and then IT heard 3 to 4 gunshots. W-1 estimated that the amount of time between when it saw the other victim start running and the time when it heard the gunshots was no more than five seconds. After the shots were fired, the suspects ran down Douglas Road towards Stanton Road. One of the suspects told W1 that they know where IT lives and if anything comes back they will be back. W1 described the decedent as wearing a gray t-shirt. It should be noted that when the decedent was observed by your affiant, there was a bloodied gray shirt underneath him.

W1 later reported that after IT's initial contact with law enforcement, IT was dropped off at the Anacostia Subway Station by a patrol officer. After being dropped off at the subway station, IT observed the same light skinned black male who put the revolver to IT's head walking towards the subway station accompanied by two other black males who were involved in the robbery. W1 stated that the light skinned black male was the same person who branched off from the other robbers and approached the decedent. It should be noted that in the second interview with W1, IT described the light skinned black male as being bow legged, approximately 5'9, sandy type hair, and no facial hair, with a thin build. W1 said he was wearing an orange shirt and brown shorts during the robbery, however, when IT observed the light skinned suspect at the Anacostia Subway Station he was wearing a white t-shirt and blue jeans. W1 described the other two males that were with the light skinned suspect as being dark skinned, one was 5'5 with a medium size bush hairdo, and the other was 5'6 with his hair in braids.

Investigators recovered video footage from the area of where W1 observed the second sighting of the suspects. While reviewing the video, three black males, one light skinned who appears to be bow legged, and two darker skinned black males are observed walking on Shannon Place, Southeast, towards Anacostia Subway Station. As the black males are walking towards the subway station, a marked MPD scout car is observed pulling up to the subway station and dropping off an individual. The three black males are then observed on other video surveillance footage walking towards Fifth Sierling Avenue. It should be noted that on the video, the light skinned black male is taller than the other two males, however, he is wearing a black shirt not a white shirt and all of the suspects appear to have short hair.

On the early morning of Thursday, August 11, 2011, a second witness (W2) reported that IT was robbed at gun point by three black male subjects armed one of whom was armed with a silver revolver. A lookout was broadcast over 7D air. A short time later, subjects matching the lookout were observed fleeing in the direction of the Barry Farms housing complex. Two of the suspects were apprehended, but the third suspect got away. The two suspects that were apprehended were identified as Daquan Tinker and Kevin Hines. It should be noted that Kevin Hines was observed by officers throwing a silver revolver while running from the police.

As a result of their arrest, a District of Columbia Superior Court Search Warrant was obtained for Kevin Hines' home address of 1123 Eaton Road, Southeast, which is in the Barry Farms housing complex.

On Thursday, August 23, 2012, the search warrant was executed at Kevin Hines' residence and in the residence at the time of the search warrant was Daquan Tinker who had just been released from court the night before. Recovered from the bedroom that Daquan Tinker was found lying in were multiple Metro Smartrip Cards, cell phones, and IPODs. There were also two empty safes in the bedroom as well.

Investigators learned that one of the Metro Smartrip Cards recovered from the bedroom that Daquan Tinker was found lying in was W1's Smartrip Card.

W1 was then shown a photo array consisting of 9 individual photographs to include that of Daquan Tinker who has a date of birth (DOB) of March 26, 1996 and a Police Department Identification (PDID) number of 654110. Daquan Tinker's photograph was the fourth picture in the array. Upon viewing the photo array, W1 picked photograph number 2 and stated, "It's number 2."

Investigators interviewed a second witness (W3) who reported that IT heard an individual known to IT as Daquan talk about the robbery which occurred on August 21, 2012. W3 said that IT heard Daquan state that he, Kevin, and "Woody" robbed a guy. According to W3, Daquan stated that after the robbery police officers grabbed him, and Kevin and "Woody" ran away. Daquan stated that the police caught Kevin, but "Woody" got away by hiding in the woods. W3 went onto report that several weeks prior to August 21, 2012, IT observed Kevin in possession of a silver revolver. W3 also reported that Daquan, Kevin, "Woody", and "Fat Daddy" have been committing numerous robberies in the area during the early morning hours between 1 and 6am. W3 said that it varies between the four of them who goes and commits the robberies. W3 said sometimes it's two or sometimes it's three, or sometimes it's all four. W3 also said that the four robbers have two revolvers that they use to commit the robberies.

W3 said that several weeks prior to August 21, 2012, IT heard Daquan state that he was involved in a robbery where they "laid" the victim down. Daquan went on to state that later that same morning while he, Kevin, and "Fat Daddy" were walking the "back way" towards Barry Farms they observed the victim of the robbery they just committed get out of a police car. Daquan was overheard saying that he was nervous and hoped that the victim didn't recognize him.

It should be noted that W3 initially lied to investigators and stated that IT did not know about any robberies. IT also lied about seeing the suspects with guns. Also, the information provided by Daquan corroborates W1's version of events. First, W1 said that IT was robbed by being ordered to get on the ground; second, when W1 sees the suspects walking on Shannon Place towards the Metro Station IT was getting out of a marked police car. Daquan admits to seeing the victim they just robbed getting out of a police car. During the interview with W3, investigators determined that the "back way" that W3 was referring to was using Shannon Place as a shortcut.

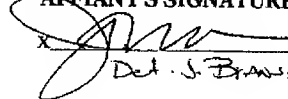

During the interview with W3 IT said that IT has known Daquan and Kevin for more than a year. W3 was then shown several arrest photographs for the purpose of confirmation. Investigators then showed a photograph Daquan Tinker who has a DOB of March 26, 1996 and a PDID of 654110. Upon viewing the photograph W3 confirmed that that is the person IT knows as Daquan.

It should be noted that Daquan Tinker is a light-skinned black male who is approximately 5'11" and has a slender build. Daquan Tinker is a high school senior who is currently attending the University of Maryland. He is currently a suspect.

Based on the facts set forth in this affidavit, it is clear that Daquan Tinker was the light skinned gunman who walks towards the decedent just before hearing the gunshots, and probable cause exists. Therefore your affiant respectfully requests that a Judge with the District of Columbia Superior Court issue a warrant for the arrest of Daquan Tinker.

Approved Lt. A. H. Hester
